

AUTOMATIC BAR

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Bending capacity is from 2mm to 46mm.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE is processed both on right and left sides via switch on the control board besides has capacity of working both manual and automatic.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Due to being only 450kgs can be easily carried in the building zones and even in the intermediate floors.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Despite having small measurements the working capacity is satisfactory according to users and QC feedbacks.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Processes 45° / 90° / 180° bending types easily by one touch button.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: With only one button stir-up bending type(130° / 90° / 90° / 90° / 130°) is continuously processed till you deactivate the bending.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Stir-up bending type(130° / 90° / 90° / 90° / 130°), spiral bending type and other bending types are continuously processed.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: Works both electrical motor with 380Volt and also can be changed with 110Volt/220Volt/415Volt/440Volt according to demands. Electronically automation section processes with 24 Volt and is protected against to all environmental effects. It can go on processing in all weather conditions.

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE: The after sales service can be maintained easily by the operator.

BENDING MACHINE

TECHNICAL DETAILS OF DCK-42 BDS AUTOMATIC BAR BENDING MACHINE

ELECTRICAL ENGINE POWER	7.5 KW / 10 HP
ENGINE SPEED	1.500 / 9 Rpm
BENDING CAPACITY	Ø 46 mm
LENGHT	100 cm
WIDTH	80 cm
HEIGHT	95 cm
WEIGHT	450 Kgs

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE BENDING CAPACITY

QUANTITY OF BARS	THE BAR IN mm ²		
	45 kgs/mm ²	65 kgs/mm ²	85 kgs/mm ²
1	Ø 46	Ø 42	Ø 40
2	Ø 30	Ø 28	Ø 26
3	Ø 28	Ø 26	Ø 22
4	Ø 20	Ø 18	Ø 16

WARRANTY: Warranty duration is 2 years against to manufacturing defects.

All of the products are certified according to international TS EN ISO 9001: 2000, OHSAS 18001:1999 and CE standards.

We use ITALIAN PLANETE TYPE gearbox in this machine

DCK-42 BDS AUTOMATIC BAR BENDING MACHINE As in our all machines working sides of all the replacement parts are heat-treated and the surface deflection is decreased to 0%.
